

2021 Mentee Application Form

Before completing this form, it is important to understand that the AIFST mentoring program is designed to connect students with an industry professional to gain skills and an understanding of the food industry. It is therefore up to the mentee to take responsibility for all the meetings and make sure they are benefitting from the program.

Name	
Address	
Email	
DOB	
Current course of study and educational institution (if applicable)	
Current employer (If applicable)	

Please indicate which best reflects your current career stage:

Beginning and establishing (student, recent graduate)

Looking for support and unsure of what opportunities are out there

Consolidating and advancing

Had 1-2 jobs, looking at promotional opportunities or building on existing network

Advancing and leading

Established in industry, looking to develop or enhance management/leadership skills

Returning and transitioning

Returning to the workforce or moving over from a different sector

Completing

Looking at how to reduce worktime, transitioning towards retirement

Please list what 5 areas of food Science and technology you are most interested in:

1. _____

2. _____

3. _____

4. _____

5. _____

Please list 3 things you would like to achieve by taking part in the AIFST mentoring program:

1. _____
2. _____
3. _____

Letter to Mentor: if you would like to write a short 1-2 paragraph introduction about yourself, this will be passed on to your mentor prior to the Induction Session on 15 April. It could include if you are working/studying, how you became interested in the food industry and a couple of interesting facts about yourself (i.e: favourite book or people you find inspiring)

Before sending this form back to AIFST aifst@aifst.com.au or annelise.sarikas@aifst.com.au please acknowledge and accept the following conditions.

I understand that the mentor paired with me may not be from the same state and therefore other means of communication other than in person may be required.

I understand that I may not be paired with a mentor of my exact interest and requests however all AIFST mentors are highly experienced and of value to me as a student.
